HONORING INDIVIDUALS FOR THEIR WORK ON BEHALF OF THE PEOPLE OF THE FIRST CON- GRESSIONAL DISTRICT OF OHIO

HON. STEVE DRIEHAUS

OF OHIO

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 22, 2010

Mr. DRIEHAUS. Madam Speaker, I would like to recognize the following individuals for their work on behalf of the people of the first congressional district of the State of Ohio and for their dedicated service to the 111th United States Congress. I offer my sincerest appreciation to Alyson Budd, Jay Stolkin, Robert George, Danielle Vizgirda, Sean Kelley, Ozie Davis III, Steve Brinker, Victoria Parks, Mary Ellen Sullivan, Shannon Faulk, Alex Kisling, Colby Nelson, Morgana Carter, Sarah McHugh, Aaron Wasserman, Tim Mulvey, Heidi Black, Greg Mecher, and Sarah Curtis.

CONCLUSION OF MY SERVICE IN THE CONGRESS

HON. EARL POMEROY

OF NORTH DAKOTA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 22, 2010

Mr. POMEROY. Madam Speaker, I want to take this opportunity to thank the people of North Dakota for the chance to represent our great state in this great chamber for the past 9 terms.

Words cannot adequately express the feelings of gratitude I have as my time as a member of body draws to a close.

At varying times I've agreed or disagreed with virtually every member—Democratic or Republican—in this House. Steering the course for the United States of America is a very difficult and complex undertaking. As our country moves into its third century in the first decade of the new millennium, it seems like the challenges only get bigger as we go forward.

But I conclude my life here with a strong sense of hope and optimism for the future.

The United States Capitol is the icon of democracy known throughout the world. In this historic place, sometimes in the darkest hour, leaders here assembled have set the course to see us through.

If the American people exhibit the best aspects of their nature—courage, compassion, strength, resolve, community—the leaders in the chamber will deliver accordingly.

I will always treasure the time I had here. I won some, I lost some, but I tried my best to reflect the concerns of those I represented, as well as the genuine goodness of the folks who call North Dakota home.

North Dakotans have selected a new Congressman, Representative-elect Rick Berg, and I wish him great success in delivering for our state.

In conclusion, there is one group in particular I want to thank—all of those who have served on my staff now at the end or any time during these nine terms. Present and recent staff members include Bob Siggins, Melanie Rhinehart Van Tassel, Stacy Austad, Brenden Timpe, Adam Durand, Dustin Olson, Diane Oakley, Chris Cunningham, Matt Pearce, Hillary Price, David Grant, Annie Finkenbinder, Ross Keys, Joan Carlson, Dianne Mondry, Nick Keaveny, Geoff Greenwood, Bill Heigaard, and Erin Hill.

They are extraordinarily talented and dedicated individuals, reflective of the wonderfully gifted staff members I have been privileged to work with for the 18 years of my service in the House.

Now I look forward to more time with my wife, Mary, and my children, Kathryn and Scott, as this term ends and my membership in this body ceases.

I thank my colleagues for their commitment to work so hard to serve their constituents and our country.

I have been richly blessed to have had the chance to work with you in the people's House—the United States Congress.

S. 3481—A BILL TO AMEND THE FEDERAL WATER POLLUTION CONTROL ACT

HON. ELEANOR HOLMES NORTON

OF THE DISTRICT OF COLUMBIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 22, 2010

Ms. NORTON. Madam Speaker, I rise today in strong support of S. 3481 to amend the Federal Water Pollution Control Act, which clarifies that the Federal Government, like private citizens and businesses, must take responsibility for the pollution it produces. This bill is the Senate companion to my bill, H.R. 5724, cosponsored by my good friends from Virginia and Arizona, Rep. JIM MORAN and Rep. GABRIELLE GIFFORDS. The bill passed the Senate with strong bipartisan support because the Senate understood that this is simply an issue of fairness and equity to users and a matter of managing pollution and protecting the environment. In fact, this bill simply clarifies current law, that the Federal Government has a responsibility to pay its normal and customary fees assessed by local governments for managing polluted stormwater runoff from federal properties, just as private citizens pay. The consequence of failing to pass this bill is that we give the Federal Government a free ride and pass its fees on to our constituents throughout the United States.

Section 313 of the Federal Water Pollution Control Act states, "Each department, agency, or instrumentality . . . of the Federal Government . . . shall be subject to, and comply with all Federal, State, interstate, and local requirements . . . in the same manner, and to the same extent as any nongovernmental entity including the payment of reasonable service charges." However, the Government Accountability Office issued letters to Federal agencies in the District of Columbia instructing them not to pay the District of Columbia's Water and Sewer Authority's (D.C. Water's) Impervious Area Charge. D.C. Water calculates the charges to manage stormwater runoff based on the amount of impervious land occupied by the landowner. Impervious surfaces, such as roofs, parking lots, sidewalks and other hardened surfaces are the major contributors to stormwater runoff entering the sewer system and local rivers, lakes and streams, causing significant amounts of pollutants to enter these waters. This bill clarifies that in my district and all others congressional districts, Federal agencies must continue to pay their utility fees instead of passing the fees to our constituents.

Nothing in this Act was intended to affect the payment by the United States or any department, independent establishment, or agency thereof of any sanitary sewer services furnished by the sanitary sewage works of the District through any connection thereto for direct use by the government of the United States or any department, independent establishment, or agency thereof. The rules for those payments are set forth in law codified at section 34–2112 of the D.C. Code and nothing in this Act amends or otherwise affects those rules. This bill requires that Congress make available, in appropriations acts, the funds that could be used for to pay stormwater management charges, but not that the appropriations act would need to state specifically or expressly that the funds could be used to pay these charges.
